

Lightweight and portable, the Vulcan 180 is designed to burn brighter and run longer to keep you covered on the job site. It features a 180° tilting head that allows you to direct light where you need it. Three white LEDs produce extreme brightness and two ultra-bright blue taillight LEDs provide visibility from behind.

<p>High and low modes:</p> <ul style="list-style-type: none"> <li>- High for a bright, far-reaching beam: 1,200 lumens; 75,000 candela; 548m beam; runs 5.75 hours</li> <li>- Low for a less intense beam and longer run time: 350 lumens; 22,000 candela; 296m beam; runs 16 hours</li> </ul>
Taillight LEDs can be programmed on or off
High-impact, super-tough nylon body; head constructed from high grade aluminum encased in super-tough nylon
IPX7 waterproof to 1m submersion; 2m impact resistance tested
