

E-FLOOD® LITEBOX® // E-FLOOD® FIREBOX®
RECHARGEABLE LED LANTERN

- DESCRIPTION:** The E-Flood® LiteBox® and FireBox® deliver 1,500 lumens and 4,700 candela of diffused light. The lithium-ion battery provides enhanced performance in a lightweight device. The large tactile push-button switch (with built-in battery status indicator) and a large grip area make this lantern easy to use, even with gloved hands. This light is also easy to carry, whether it's by hand or with the heavy-duty shoulder strap. The articulating head and ability to stand the light upright allows the user to aim light right where it's needed. The E-Flood® models use four (4) LEDs with shallow reflectors for a widened beam pattern. The LiteBox® is also available in a Power Failure version.
- CASE MATERIAL:** High-impact ABS thermoplastic.
- DIMENSIONS:** Length: 11.2 in (28.4 cm) Width: 5.0 in (12.7 cm) Height: 6.4 in (16.3 cm)
- WEIGHT:** 3.1 lbs. (1389 g)
- LENS:** Unbreakable polycarbonate with scratch-resistant coating.
- LIGHT SOURCE:** Four (4) high-power LEDs, impervious to shock with a 50,000-hour lifetime.
Two (2) ultra-bright blue taillight LEDs (FireBox® models only).
- LIGHT OUTPUT:** See chart. Optimized electronics provide regulated intensity.
- ON/OFF:** Push-button with integrated battery charge indicator. Press and hold to cycle through the different modes.
- RUN TIME:** See chart.
- BATTERY:** Lithium-ion 7.4V, 5200 mAh with onboard safety control, rechargeable up to 500 times. Recharges in 5 hours with provided power supplies. Red and green LEDs in the push-button indicate battery status. When operating, flashing red indicates charging is needed. When charging, green indicates fully charged.

FEATURES:

- Cool white LED technology for extreme brightness.
 IPX4-rated design.
 1-meter impact resistance tested.
 Serialized for positive identification.

Models: Available in international safety orange or high-visibility yellow.

Vehicle Mount E-Flood LiteBox System: Includes shoulder strap and vehicle-mountable hard-wired rack.

Vehicle Mount E-Flood FireBox System: Vehicle Mount E-Flood LiteBox system plus two (2) user-programmable ultra-bright blue taillight LEDs.

Standard E-Flood LiteBox System: Includes shoulder strap, AC and DC charge cords, and charge rack.

Standard E-Flood FireBox System: Standard E-Flood LiteBox system plus two (2) user-programmable ultra-bright blue taillight LEDs.

Power Failure E-Flood LiteBox System: Includes shoulder strap, AC and DC charge cords, and charge rack plus "smart" power failure circuitry that automatically turns the lantern on when the power goes off.

- WARRANTY:** Streamlight's Limited Lifetime Warranty
- APPROVALS:**  Meets applicable United Kingdom and European Community Directives.
NFPA Charging rack meets requirements of NFPA 1900-11.1.11.2 (2024) mounted in any position.
 CEC Compliant.

OPTIONAL ACCESSORIES:

100V, 120V, 230V, or 240V AC (home) and 12VDC (automobile) charge cords, hands-free shoulder strap (included with standard + VM models), locking charge rack, quick-release shoulder/waist strap

	FL 1 Standard	HIGH	LOW
