STREAMLIGHT®

ILLUMINATION TOOLS
FOR THE OUTDOORS

SUPER SIEGE®

The Super Siege rechargeable scene light/work lantern provides 360° of bright light that illuminates an entire scene. A rechargeable lithium ion battery supplies the power to charge your Streamlight flashlights, smartphones and tablets. Remove the globe cover and hang the Super Siege upside down by its D-ring for large area lighting needs. Use the Glare Guard™ to shield light from 1/2 the globe for up-close task lighting. Set it to SOS mode for emergency situations. Working in a grueling environment? No problem! Its rubber base keeps it stable on slippery or uneven surfaces, and a watertight storage compartment keeps small items dry. IPX7 waterproof to 1m. It floats.

Runs on SL-B26 battery pack or CR123A lithium batteries

SIEGE® X USB

This 2-in-1 lantern/flashlight combo provides 360° of light to illuminate a large area or a focused beam to light your path. Features three lighting modes: smooth lantern lighting; a red LED to preserve night vision and a front spot light for use as a handheld flashlight. It accepts the Streamlight SL-B26® protected Li-Ion USB rechargeable battery pack or two CR123A lithium batteries. IPX7 waterproof to 1m submersion. Its ergonomic handle can also be used as a hang hook or use the D-ring in the base for hands-free lighting needs.

ITEM #	DESCRIPTION
44956	Siege X USB - with SL-B26 battery pack — Coyote

THE SIEGE®

The Siege is brighter, more durable, and much more versatile than other emergency/camping lanterns. It's bright enough to light up a whole campsite. It runs for over 30 hours on high and over 12 days on low! Its handle and D-rings allow you to hang it or clip it almost anywhere, upright or inverted. It has 3 white light settings, a red light for softer, less intense light, and an SOS mode. Remove the top for brighter light. Battery indicator flashes to alert you to low battery. Waterproof to 1m; it floats.

SIEGE® AA

The Siege AA lantern features white LED and red LEDs for scene lighting, low level lighting or SOS mode. There are five output modes and a battery level indicator built into the power button. With the outer lantern globe in place, the Siege AA will float. Remove the outer globe and hang the body upside down by the D-ring for large area lighting needs. Battery replacement is a breeze with the center post orienting the battery cover correctly every time.

EXTRAORDINARY
Everyday Carry

// THRO MODE PROVIDES A BLAST OF 1,000 LUMENS

WEDGE®

The Wedge is a compact, high-performance EDC light designed for clean pocket carry. It's outfitted with an intuitive rotating thumb switch that provides tactile control over the constant-on and THRO® (Temporarily Heightened Regulated Output) modes. Battery charge indicator located in the on/off switch shines red when charging and green when charged. Made of rugged anodized aluminum with a waterproof USB-C port, the Wedge balances durability with performance.

Outfitted with an intuitive rotating thumb switch providing tactile control over constant-on and THRO modes.
