- Departmental Patch
- Phone number

Streamlight's Imprinting Department

If you have artwork ready to go, our Imprinting Department will work with you to fit the design to your flashlight of choice. We can also customize an imprint for you with one of the following fonts:

- Amerigo Bold
- Brush Script Regular
- Futura Lite
- Swiss 721 Roman

FAQs

- Which Streamlight flashlights can be engraved?
- Most of Streamlight's aluminum flashlights can be laser engraved.
- How large will the engraved image be?
- It depends upon the dimensions of the engravable area of each light (noted on imprint guides).
- Where on the flashlight will the engraving appear?
- The location of the engraving depends upon which light is being personalized.
- How long will it take to get my order?
- Please allow up to an additional 1-2 week lead time for most orders. For larger orders call for a lead time estimate.
- What file format do you require for supplied artwork?
- Supplied artwork format must be a black and white bitmap (.bmp) file.

How to Order

To have your product engraved, note "Custom Imprinting" on your order form and include your camera-ready artwork (.bmp file) or use one of our typefaces. A Customer Service Representative (CSR) will contact you and send an engraving order form for your approval and signature.

Engraving fees and minimum order requirements apply. Consult with your CSR to determine price and lead time.
