

The TLR-1 HL Long Gun Kit features all of the lighting components you need in one convenient package!

Kit includes:

- TLR-1 HL with thumb screw and "safe off" door switch
- Remote pressure switch and mounting clips
- Two 3V CR123A lithium batteries
- Standard door switch

TLR-1 HL Features:

- C4 LED delivers 630 lumens; 12,000 candela; runs 1.25 hours
- TIR optic produces a concentrated beam with optimum peripheral illumination
- Solid-state current regulation for consistent illumination level
- Remote door switch with "Safe Off"
- Strobe function can be enabled/disabled
- Durable, anodized aluminum construction
- IPX7 waterproof to 1 meter for 30 minutes
- Operating temperature: -40°F to +120°F
- Uses two 3V CR123A lithium batteries
- Tethered battery door and latch mechanism prevents battery door loss while providing easy battery replacement

Thumb screw allows for quick "no tools required" attachment

"Safe Off" remote switch features three positions:

1. Constant on (top)
2. Momentary (middle)
3. Lock out off (bottom)

The lock out off position clicks into place to prevent the TLR from turning on and running down the batteries when packed away
