

TLR-3® GUN LIGHT

Lightweight and Compact Tactical Weapon-Mounted Light

This lightweight rail-mounted light, constructed of an impact-resistant polymer, is designed to fit compact and sub-compact handguns. It also fits most full-sized handguns with rails on the market. Now shining brighter at 170 lumens!

- White LED delivers 170 lumens; 3,300 candela peak beam intensity
- Runs 1.5 continuous hours to the 10% output level
- Textured parabolic reflector produces a concentrated beam with optimum peripheral illumination; optimized electronics provide regulated intensity
- Compact - Weighs 2.32 ounces (65.8 grams) with included battery; 2.71 in. (6.88 cm) long
- Key kit included for mounting to a variety of weapons (H&K USP models do not include key kit)
- Rail clamp designed to rapidly attach/detach from side of weapon. One handed snap-on and tighten interface keeps hands away from muzzle when attaching/detaching
- Ambidextrous momentary/steady On-Off switch
- Uses one 3V CR2 lithium battery (included)
- Impact-resistant polymer construction with durable anodized aluminum facecap
- BOROFLOAT high temperature glass lens
- IPX7 waterproof to 1 meter for 30 minutes
- Serialized for positive identification
- Models also available for H&K USP Compact frame and H&K USP Full Size frame
- Limited lifetime warranty
- Assembled in USA

The silver band that encircles the head of the TLR-3 is a trademark of Streamlight, Inc.

We do not recommend carry of a TLR equipped firearm without a proper holster. A proper holster should fully cover the trigger guard area, preventing accidental discharge of both the firearm and light.
